

# Certificate

Company Slovenské elektrárne - energetické služby, s.r.o. hereby confirms that

## Lindner Immo Slovakia s.r.o.

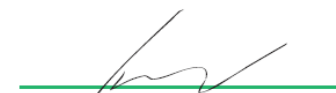

consumes electricity covered by the guarantees of origin of electricity from renewable energy sources issued by the Regulatory Office for Network Industry („Green Electricity“) thus being directly involved in the sustainable development process through the prevention of CO<sub>2</sub> emissions and through active participation in greenhouse gas reduction.

Company Lindner Immo Slovakia s.r.o. consumes from 1<sup>st</sup> January 2021 to 31<sup>st</sup> December 2021 **1550 MWh of Green Electricity**, thus helps to **reduce CO<sub>2</sub> emissions by 1240 t**.

This certificate has been issued to prove that the above mentioned quantity of electricity was produced from renewable energy sources.

Electricity supplied to a final customer which is produced from renewable energy sources and which origin is proved by the guarantee of origin of electricity, is free of consumption tax on electricity pursuant to the provision § 7 section 1 letter e) of Act No. 609/2007 Coll. on the consumption tax on electricity, coal and natural gas, as amended.

This certificate is a document issued by the company Slovenské elektrárne - energetické služby, s.r.o. intended for informational purposes only, it is not a guarantee of origin of electricity from renewable energy neither a certificate of origin of electricity from renewable energy sources as defined by the applicable laws of the Slovak Republic and it does not cause or constitute any creation, change or termination of any rights or legal obligations in relation to the company Slovenské elektrárne - energetické služby, s.r.o. or to the recipient of this document.
